

# Public Cloud

## Focus on the digital transformation of your organization

Our cloud-based services based on Microsoft Azure, enables you to build, deploy, and manage applications and services in the cloud.

- Lower costs
- Pay only for what you use
- Scale without limits

### Azure Ready Assessment

We assess your needs, your current IT environment, and your business strategy. With a step-by-step plan we start your cloud transformation.

### Azure Migrate

As a certified Advanced Specialized Partner, we use a proven migration method. Based on our Landing Zone, our certified Azure consultants help you build a new cloud environment.

### Landing Zone

Our Landing Zone setup provides a solid foundation for workloads, ensuring a stable and efficient base for your cloud operations.

### Azure Operate

We proactively manage, update and monitor your environment, 24x7, so that you can realize your business ideas.
