

USB hub with 7 Type A ports for connection to 7 USB 2.0 supported devices. One Type B port (on the back side) connects to your PC or MAC.

7-Port USB 2.0 Hub, Up to 480Mbps Speed

The DUB-H7 is a 7-port Universal Serial Bus USB 2.0 hub that allows you to connect up to 7 USB 2.0 peripherals and devices to your USB 2.0 ready PC or iMac. Providing an out of the box industry standard bus, this pocket-sized device expands your PC and Mac by adding 7 USB 2.0 ports to your system.

Seamless Connections

The DUB-H7 is designed to provide quick and easy access to the 7 Type A downstream ports to connect to peripherals with USB 2.0 support, other USB hubs and devices. A single Type B upstream port is provided to connect to the host computer, or another USB hub. Configured directly by the operating system, the DUB-H7 operates seamlessly with both Microsoft's OpenHCI, Intel's Universal HCI and USB 2.0 new generation specification EHCI.

Low, Full and High Speeds Supported with Data Buffering

As a standard USB hub, it buffers USB data from any attached peripherals or devices in compliance with USB specification versions 1.1 and 2.0 to provide an

invisible extension of the USB bus. Supporting both low-speed 1.5Mbps devices, full-speed 12Mbps devices and high-speed 480Mbps, each port creates a bridge between the peripheral and host computer.

Feature-Rich and Easy to Use

Diagnostic LED's are mounted on the device to provide the user with power state and port status. The DUB-H7 is packaged with a 6-foot USB 2.0 A-to-B cable, and a DC 5V/3A external power supply.

Key Features

- USB 2.0 standard
- 7 Type A ports
- 1 Type B port
- Backward compatible with USB 1.1
- Pocket-sized, lightweight
- Diagnostic LEDs provided
- Connects to AC power source through an external AC power adapter
- USB-IF certified

DUB-H7

Technical Specifications

Standards

- USB Specification version 1.1
- USB Specification version 2.0
- OHCI
- UHCI
- EHCI

Number of Ports

- 1 upstream USB Type B port
- 7 downstream USB Type A ports

Dimensions

104 mm (L) x 63 mm (W) x 29 mm (H)

Connectivity Rules

- 5 cascaded hubs maximum
- 5 m maximum between each hub
- Up to 127 devices

O.S. Support

- Windows 98SE, ME, 2000, XP (for USB 2.0)
- MacOS X 10.1 and above (for USB 2.0)
- MacOS 8.6 and above (for USB 1.1 only)

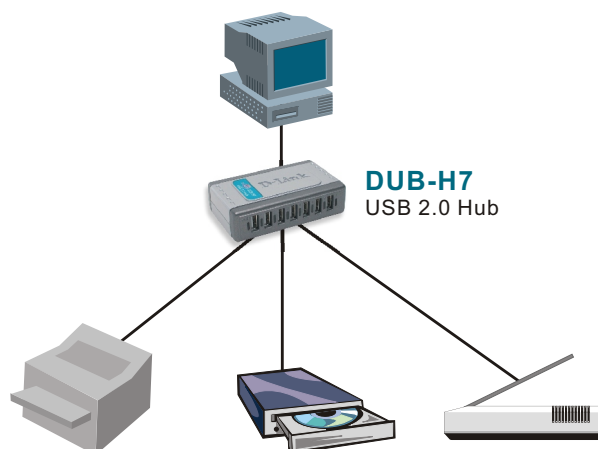

EMI Certifications

- FCC Class B
- CE Class B
- C-Tick

Package Includes

USB 2.0 A-to-B cable

USB 2.0 Hub

USB 2.0 Supported Devices

ACN 052 202 838

Ordering Information

DUB-H7 7-port USB 2.0 hub

Please specify your order as follows:

| | |
|------------------|---|
| DUB-H7/A | Includes a US standard AC power adapter |
| DUB-H7/B | Includes a UK standard AC power adapter |
| DUB-H7/E | Includes an EU standard AC power adapter |
| DUB-H7/CN | Includes a China standard AC power adapter |
| DUB-H7/N | Includes an Australia standard AC power adapter |
