

ACA038EU | Targus USB 3.0 SuperSpeed™ Multi Monitor Adapter

Expand your view and connect your laptop to an external monitor via USB 3.0 SuperSpeed enabling instant connectivity and superb picture quality between your laptop and additional monitor. Choose between extending your desktop onto the secondary monitor to view two different applications at the same time, mirroring your laptop screen, or switching off your laptop screen and using the external monitor as your main screen.

The multi monitor adapter offers improved productivity and combined with Targus USB 3.0 SuperSpeed Dual Video Docking Station you can support three external monitors, tripling your view.

Connect additional monitor(s) to your laptop or ultrabook via USB 3.0 port ensuring superb picture quality and SuperSpeed streaming

Superior high-definition graphics with up to 2048 x 1152 resolution

Multi-screen support; Support up to six monitors with 6 separate adapters
