

ULTRA COMFORT MANUAL a subtle design of a light weight projection screen, equal perfect preference either for your business or home entertainment area. It is easy to start using the projection screen straight out of the box by just installing it in place with the universal end caps, either on wall or ceiling. The projection screen is refined in a shiny white finish and the steel casing has a nice soft edges shape.

This manual pull-down screen has a discrete metal handle at the bottom of the screen for easygoing use.

The screen surface is of a strong matt white front material with a black black-out backing and keeps the optimal gain of 1.0. The result is a screen surface which reproduces an image with perfect colour rendition and clear contrast of white and black.

### Screen Dimensions

Example - Ultra Comfort Manual Dimensions	
Model:	UCM220-V
Screen width:	2200mm
Total width:	2200mm + 91mm = 2291mm
Width between mounting holes:	2200mm + 76mm = 2276mm
Bar width:	2200mm + 66mm = 2266mm

### Screen Surface

Matt white front projection surface. Black backing. Fibre glass supported. Gain 1.0

### Projection Formats
