

ePad-ink is ePadLink's most widely-deployed electronic signature capture device, with users across dozens of industries and application environments.

With an LCD screen that lights up when an eSignature is applied or affirmation text is displayed, the interactive visual feedback provides an enhanced user experience. Ergonomic, portable, and bundled with IntegriSign® Desktop for eSigning in Microsoft Word, Excel, Outlook, and Adobe Acrobat, ePad-ink is a best-in-class eSignature solution for any environment.

Key Features:

- LCD screen
- Displays affirmation text for greater signing context
- Assigns a unique serial ID number to the host computer
- Bundled with IntegriSign Desktop software
- Offers plug-ins for Microsoft Office (Word, Excel, Outlook) and Adobe Acrobat PDFs
- Produces legally-binding eSignatures
- Powered by USB port
