

powerstation USB-C XXL

19,500mAh external battery with USB-C PD fast charging.
Made for MacBook & other USB devices.

30W USB-C PD
COMPATIBLE

+14 HOURS OF
BATTERY

19,500MAH BATTERY CAPACITY

The powerstation USB-C XXL can provide 14 hours of extra battery for the MacBook.*

30W FAST CHARGE

Quickly charge your device or recharge your powerstation battery with a USB-C input and output of 30W.

DUAL USB CHARGE PORTS

Additional high-output USB-A port allows you to charge a second power-hungry device simultaneously.

PRIORITY+ CHARGING

Provides pass-through power to your device first before the powerstation battery starts to recharge.

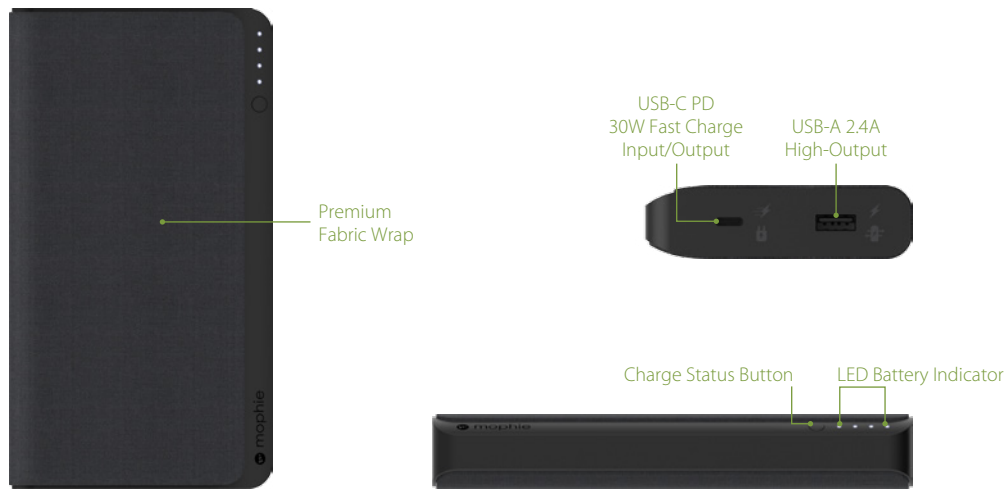

Key Selling Points

- The USB-C port features USB-PD technology, allowing it to charge USB-C laptops at rapid charging rates.
- Quickly charge an additional smartphone or tablet simultaneously from the USB-A port.
- Finished with a premium fabric wrap to provide a comfortable feel and added durability to the design.
- Press and hold charge status button for 2 seconds to change role of the USB-C port from providing power to receiving power.

The next generation of universal power.
