

Body Composition Wi-Fi Scale

Available colors:

Black White

Weight & BMI

Enables high-accuracy weight measurements via patented Position Control™ technology.

Body composition

Tracks total body fat and water percentage plus bone and muscle mass (athlete mode available).

Daily weather

Plan your day and wardrobe with an on-screen local forecast.

Activity report

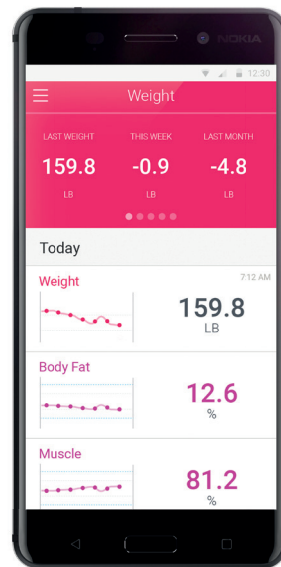

Provides on-screen step count from the previous day when paired with a Withings activity tracker or the Health Mate™ app tracking feature.

Wireless sync

Automatically uploads measurements over Wi-Fi or directly to a Bluetooth-enabled smartphone or tablet.

Multi-user

Recognizes and records data from up to 8 different users with independent sync.

**Sync with
Nokia Health Mate**

Compatible with 100+ partner apps

Specifications

Scale

Large, high-strength tempered glass platform
Paint-free satin white casing
Ultra slim design
Dimensions: 12.8 x 12.8 x 0.9 in. / 327x327x23mm

Display

Large, easy-on-the-eye graphical display
(2.4" x 1.6"),
128x64 pixels
High-contrast lighting
Weight units: kg, lb, stlb

Weight sensors

Four weight sensors
Weighing range: 5 -> 180 kg (9 -> 396 lb)
Patented body position detector for highly-accurate weighing via Position Control™ technology
100g (0.2 lb) graduation

Body Composition

Body fat, total body water, muscle mass and bone mass measurements
Bioelectrical Impedance Analysis
Athlete and non-athlete modes
Unit: body fat %, total body water %, muscle mass kg, bone mass kg

Daily weather and Activity report

Works when scale is installed on a Wi-Fi network

Power supply

4x 1.5V Alkaline cells (AAA)
Average battery lifetime of 18 months
